DUMMIES

Buena Vista Ski Area
Sunday, March 13, 2011

Grab a group of like-minded individuals and build a dummy.

We'll send it off a jump and let it CRASH!

Judges will score on creativity, amplitude, & the SPLAT factor.

Your dummy must be appropriate (this is a family event),

Must be able to slide unassisted, & cannot have a human or living thing attached...that's scary dangerous!
